AYESHA KHALIQ

Full-Stack Developer | Android Developer | Game Developer

ayeshakhaliq265@gmail.com | (+92) 3344921050 | Lahore, Pakistan | LinkedIn | GitHub

SUMMARY

Computer Science graduate (BS, 2026, CGPA 3.64/4.00) and entry-level developer with hands-on experience in full-stack web (React, Node.js, MongoDB), Android (Kotlin, Firebase) and Unity game development (C#). Completed a web development internship, deployed a full-stack e-commerce platform, built an Android safety app with IoT hardware as a final year project, and released two Unity mobile games. Seeking an entry-level software, full-stack, Android or game development role.

TECHNICAL SKILLS

Languages: JavaScript, Kotlin, C#, Python, C++
Frontend: React.js, HTML5, CSS3, Tailwind CSS, Vite, Framer Motion
Backend & Databases: Node.js, Express.js, REST APIs, JWT Authentication, MongoDB (Mongoose, Atlas), Firebase (Realtime Database, Authentication, Cloud Messaging)
Android: Kotlin, Android Studio
Game Development: Unity 6 (URP), C#, 2D/3D gameplay, object pooling, ScriptableObjects, Unity Editor tools, mobile touch UI, Google AdMob (UMP consent)
Tools: Git, GitHub, Vercel

EXPERIENCE

Web Development Intern, Mediabuzz Global, Lahore Jul 10 – Aug 21, 2025

- Worked in the Web Development team on development and maintenance of company websites and contributed to the company's e-commerce online store (6-week internship).

PROJECTS

ShopSphere – Full-Stack E-Commerce Platform Live demo | GitHub

React.js, Node.js, Express.js, MongoDB, JWT

- Responsive React storefront with search, filtering, sorting, cart, multi-step checkout and order history; deployed on Vercel.
- REST API with JWT authentication, bcrypt hashing, role-based access control and CRUD, plus an admin dashboard for sales analytics and product, order and user management.

Parcel Panic: Rooftop Rush – 3D Mobile Game Play on itch.io

Unity 6, C#, URP, Google AdMob, Android

- Low-poly 3D delivery game with 3 levels, third-person robot controller, follow camera, virtual joystick controls, parcel and coin collection, checkpoints, 3-star scoring with streak bonus, and moving and rotating hazards.
- Skin shop (ScriptableObject catalog, coin unlocks), validated PlayerPrefs save system and Unity Editor tools for level generation and lighting.
- Integrated Google AdMob with UMP consent (rewarded revive, bonus coins, interstitial). Tested on a Vivo Y11 with 5-6 testers; build size 46.6 MB.

Never Alone – Final Year Project, Android Safety Application

Kotlin, Android Studio, Firebase, IoT Hardware

- Independently built the complete app: live location tracking, SOS alerts and push notifications to trusted contacts.
- Firebase Authentication, Realtime Database and Cloud Messaging for secure real-time sync.
- ESP32-based hardware unit with GPS, GSM and an SOS button, connected over Bluetooth and Wi-Fi, with alerts synced through Firebase.

Sky Runner – 2D Endless Runner Play on itch.io

Unity 6, C#, Android

- Responsive jumping, 3 lives, coin collection, saved high scores, object pooling, progressive difficulty and parallax city backgrounds, with modular C# systems and a mobile touch UI. Tested on a Vivo Y11 with 5-6 testers; build size 32.0 MB.

Velour & Brew – Coffee Shop Website Live demo | GitHub

React.js, Vite, Tailwind CSS, Framer Motion | Frontend-only personal project

- Responsive, accessible dark-themed site with menu filtering and search, cart with localStorage persistence, WhatsApp order handoff with phone validation, validated contact form and reduced-motion-aware animations.

Smart Stick for Blind Persons – IoT & Assistive Technology

IR Sensor, Buzzer, Battery, Switch, Custom circuitry

- Walking stick that detects nearby obstacles with an IR sensor and warns the user through a buzzer, built on custom circuitry.
- Research paper accepted for poster demonstration at AHFE 2026 (Istanbul, Türkiye, July 20–24, 2026).

EDUCATION

Bachelor of Science in Computer Science 2026

Fazaia College of Education for Women (affiliated with Air University, Islamabad) | CGPA: 3.64 / 4.00

CERTIFICATIONS

Introduction to Cybersecurity • Cyber Threat Management
